

Hautbois Risk Assessment

Activity: Environmental Studies	Assessor: Abbie Stewardson	Date: January 2018	Tech Advisor: Abbie Stewardson
Assessment No: RA-EVS18	SOP No: SOP-EVS18	Lesson Plan: LP-MIB18, LP-POD18,	Page: 1 of 1

Description: Environmental Studies takes place around the estate within defined areas for specific activities. The ratio is 1:12 and during the session we focus on mini-beasts pond dipping and parkland trail. These sessions are designed for our younger clients.

SR= Severity Rating; 5 (Catastrophic) 4 (Major) 3 (Moderate) 2 (Minor) 1 (None)

LH=Likelihood Rating 5 (Almost certain) 4 (Likely) 3 (Possible) 2 (Unlikely) 1 (Insignificant)

RR= Risk Rating; H (High) M (Medium) L (Low) I (Insignificant)

Significant Hazard	Who Might be Harmed and How	Existing Controls	Severity	Likelihood	Risk Rating
Falling in water	Participants and Instructors - falling in the Cut, possible drowning, hypothermia	Instructors supervise group at all times. Instructors to carry session specific safety kit, ensure area being used is appropriate. Participants briefed at beginning of session to be aware of the bank and standing to near the edge.	4	1	L
Equipment failure	Participants and Instructors - broken inspection dishes, plastic trays or broken nets may cause minor personal injury	Weekly/monthly inspections recorded.	2	1	L
Equipment (Incorrect Use)	Participants and Instructors - injured by an incorrectly used fishing net.	Operating procedures adhered to. Correct instruction and adult supervision.	2	1	L
Equipment Handling	Participants - young age group lifting trays of water, looking under logs.	Clients taught good technique, share lifting of all equipment.	2	1	L
Eating of Insects	Participants - young participants eating brightly coloured insects	Clients supervised and instructed not to eat insects.	1	1	L
Minor injuries - cuts and bruises	Participants - playing games around operation area	Games to be supervised and controlled by leader/instructor	2	2	L
Participants getting lost-road	Participants- getting separated from group trying to cross road dividing site unsupervised	Participants supervised at all times. Clients briefed about site boundaries at beginning of session	4	1	L
